Fruit and Vegetable Branch Memorandum No. 6

Amendment 1

To: All Offices of the Fresh Products Standardization and Inspection Division and Processed Products Standardization and Inspection Division.

From: W. C. Hasbrouck, Senior Administrative Officer
Fruit and Vegetable Branch

Subject: Amendment to Fruit and Vegetable Branch Memorandum No. 6

The last paragraph of the first page of Memorandum No. 6 dated July 15, 1943 should be corrected as follows:

The sentence reading "As soon as schedules have been prepared and the covering Certificates of Deposit received from the Federal Reserve Bank, mail the original and six copies of the schedule, as well as the original and duplicate Certificates of Deposit, etc."

Should read "As soon as schedules have been prepared and the covering Certificates of Deposit received from the Federal Reserve Bank, mail the original and six copies of the schedule, as well as the duplicate and triplicate Certificates of Deposit, etc."

Further check reveals that no mention was made as to the handling of expenses collected in connection with the inspection of fresh products by inspectors of the Fresh Products Standardization and Inspection Division. Collections of this type should be deposited to Appropriation 1243810.040, the "Fund to be Credited" to read -- "1243810.040, Salary and Expenses, Market Service, FDA-44."
